PROFESSIONAL SUMMARY

Detail-oriented and analytically-minded Pathologist with 7 years of clinical experience in anatomical and clinical pathology. Expertise in histopathological diagnosis, hematology, clinical biochemistry, and laboratory management. Proven track record in patient care coordination, quality assurance, and implementing evidence-based diagnostic protocols in multi-specialty hospitals and diagnostic laboratories. Committed to maintaining high standards of accuracy and precision in diagnostic reporting.

WORK EXPERIENCE

Senior Pathologist, Department of Pathology

Aug 2022 – Present

Max Healthcare Institute, Delhi

- Perform and oversee 100–150 diagnostic cases daily across histopathology, hematology, and biochemistry sections in a 400-bed tertiary care hospital.
- Supervise and mentor a team of 5 junior pathologists and laboratory technicians in diagnostic microscopy and quality assurance protocols.
- Conduct complex histopathological diagnoses including oncology cases, offering diagnostic expertise in tumor classification and grading.
- Develop and implement standard operating procedures (SOPs) for laboratory quality management and accreditation compliance.
- Coordinate with clinicians for clinical correlation and provide consultative reports for challenging diagnostic cases.

Associate Pathologist

Jul 2019 – Jul 2022

Fortis Memorial Research Institute, Gurgaon

- Examined and reported on tissue specimens, peripheral blood smears, and body fluids using light microscopy and automated analyzers.
- Performed immunohistochemistry (IHC) and special staining techniques including PAS, Gram, Giemsa, and Masson's trichrome.
- Managed hematology and coagulation profile analysis for routine and urgent specimen processing.
- Maintained comprehensive electronic laboratory information system (LIS) records for 500+ active patient cases.
- Ensured quality control and validation of laboratory results adhering to CLIA and CAP standards.

Junior Pathologist (Rotating Internship)

Aug 2018 – Jun 2019

All India Institute of Medical Sciences (AIIMS), New Delhi

- Completed rotations across Anatomical Pathology, Clinical Pathology, Immunology, and Microbiology laboratories.
- Gained hands-on experience in specimen processing, staining techniques, and diagnostic microscopy.
- Participated in autopsy procedures and forensic pathology documentation.

EDUCATION

2020 – 2022	MD – Pathology , Delhi University (Maulana Azad Medical College), New Delhi	GPA: 8.8/10
2014 – 2019	MBBS , Delhi University (Maulana Azad Medical College), New Delhi	GPA: 8.6/10
2013	Class 12th – CBSE (PCB Stream) , Delhi Public School, New Delhi	95.4%
2011	Class 10th – CBSE , Delhi Public School, New Delhi	96.8%

CERTIFICATIONS & LICENSES

- Diploma in Laboratory Quality Management – National Accreditation Board for Testing and Calibration Laboratories (2023)
- Advanced Immunohistochemistry and Special Staining Techniques – Indian College of Pathologists (2022)
- Registered Medical Practitioner – Delhi Medical Council (2019)
- Permanent Medical Registration – National Medical Commission, India (2019)
- Competency in Histotechnology and Cytopathology – Institute of Clinical Pathology (2021)

SKILLS

Clinical Skills	Histopathological diagnosis, immunohistochemistry, special staining (PAS, Gram, Giemsa, Trichrome), hematology analysis, bone marrow examination, peripheral blood smear interpretation, body fluid cytology, tissue processing, quality assurance
Technical & Software	Laboratory Information System (LIS), Automated Hematology Analyzers, Biochemistry Analyzers, Digital Pathology Imaging, Microscopy Documentation, CLIA/CAP Compliance Management, MS Office
Languages	English (Fluent), Hindi (Native), French (Basic)
Soft Skills	Attention to detail, critical analysis, clinical correlation and consultation, laboratory management, mentoring and training, documentation and reporting, problem-solving, time management under pressure
