PROFESSIONAL SUMMARY

Compassionate and highly skilled Psychiatrist with 6 years of clinical experience in diagnosis, treatment, and management of mental health disorders across inpatient and outpatient settings. Expert in psychopharmacology, psychotherapy, crisis intervention, and managing complex psychiatric comorbidities. Proven ability to provide evidence-based treatment, conduct thorough psychiatric assessments, and collaborate with multidisciplinary teams to deliver comprehensive patient care. Committed to reducing stigma and improving mental health outcomes through holistic patient-centered care.

WORK EXPERIENCE

Senior Psychiatrist, Department of Psychiatry

Sep 2022 – Present

Manipal Hospitals, Bangalore

- Conduct comprehensive psychiatric evaluations and manage a diverse caseload of 30–40 patients weekly across inpatient wards and outpatient clinics.
- Supervise and mentor a team of 3 junior psychiatrists, residents, and mental health counselors in treatment planning and psychopharmacology.
- Design and implement individualized treatment plans utilizing pharmacotherapy, psychotherapy, and behavioral interventions.
- Manage psychiatric emergencies including acute psychosis, suicidality, and substance use disorders with crisis intervention protocols.
- Coordinate with internal medicine, neurology, and other departments for medically complex psychiatric patients.

Associate Psychiatrist

Aug 2019 – Aug 2022

Bangalore Mental Health Institute, Bangalore

- Assessed and treated patients with mood disorders, anxiety disorders, psychotic disorders, and personality disorders.
- Conducted psychotherapeutic sessions including cognitive behavioral therapy (CBT) and motivational interviewing.
- Managed psychotropic medication prescriptions and monitored therapeutic efficacy and side effects.
- Participated in community mental health outreach programs and awareness campaigns.
- Maintained detailed psychiatric documentation and progress notes for 600+ patient records.

Junior Psychiatrist (Rotating Internship)

Jul 2018 – Jul 2019

National Institute of Mental Health and Neurosciences (NIMHANS), Bangalore

- Completed rotations across General Psychiatry, Child and Adolescent Psychiatry, De-addiction services, and Geriatric Psychiatry.
- Gained clinical experience in psychiatric interviews, mental status examinations, and risk assessments.
- Assisted in electroconvulsive therapy (ECT) and other therapeutic procedures under supervision.
