PROFESSIONAL SUMMARY

Compassionate and detail-oriented General Physician with over 6 years of clinical experience in internal medicine, diagnostics, and patient care management. Skilled in managing high patient volumes in both hospital and outpatient settings, with a strong record of accurate diagnosis, evidence-based treatment planning, and collaborative care. Committed to continuous learning and improving patient outcomes through preventive healthcare education.

WORK EXPERIENCE

Senior Resident, Department of Internal Medicine

Jul 2022 – Present

- Manage a daily caseload of 25–30 patients across inpatient wards and outpatient clinics at a 500-bed multi-specialty hospital
- Supervise and mentor a team of 4 junior residents and interns, conducting daily teaching rounds
- Lead diagnostic work-ups for complex cases involving cardiology, endocrinology, and infectious disease
- Coordinate with multidisciplinary teams to develop individualized treatment and discharge plans

Apollo Hospitals, Indore

Junior Resident, General Medicine

Aug 2020 – Jun 2022

- Conducted patient assessments, recorded medical histories, and performed routine physical examinations
- Assisted senior consultants in managing acute and chronic conditions including diabetes, hypertension, and respiratory illnesses
- Performed minor procedures including IV cannulation, lumbar puncture, and wound dressing under supervision
- Maintained accurate and timely electronic health records for over 1,000 patients

Choithram Hospital and Research Centre, Indore

Medical Intern (Rotating Internship)

Jul 2019 – Jul 2020

- Completed rotations across General Medicine, Surgery, Pediatrics, Obstetrics & Gynecology, and Emergency Medicine
- Gained hands-on experience in emergency triage, basic life support, and minor surgical assistance
- Participated in community health camps providing free check-ups and health education to underserved populations
